

MARRIAGE WELLBEING COURSE

SESSION 2 – MARRIAGE MODEL – HUSBAND / EPHESIANS 5:21-33

The questions below are related to this week's topic. We recommend that you don't share your answers with each other until you've both completed the assignment. Once finished, set aside time to discuss.

Please take your time answering the questions. Once you've had the opportunity to read through this week's scripture references, pray and ask God for help to give you wisdom as you write out your answers. The quality of your answers will depend on your level of honesty and transparency.

- 1) Explain how the marriage relationship and Christ's relationship with the church are similar.

- 2) How else would you describe the method of love spoken of in verse 25?

- 3) In verses 26-27 we are given further explanation about the purpose of the husband's love towards his wife – in your own words, describe how verse 26 might play out in your marriage.

- 4) There is lots of truth in verse 28 about how we look after ourselves and our needs. Think about how you take care of yourself and the things that are important to you – how might you do the same for your wife?

- 5) It is often said that men want respect and women want love. Explain how you want to be respected in your marriage.
