

## **MARRIAGE WELLBEING COURSE**

## SESSION 2 - MARRIAGE MODEL - WIFE / EPHESIANS 5:21-33

The questions below are related to this week's topic. We recommend that you don't share your answers with each other until you've both completed the assignment. Once finished, set aside time to discuss.	
Please take your time answering the questions. Once you've had the opportunity to read through this week's scripture references, pray and ask God for help to give you wisdom as you write out your answers. The quality of your answers will depend on your level of honesty and transparency.	
1)	Given what we discussed about submission, what reason does the passage in Ephesians give you for submitting to your husband?
2)	What areas do you struggle in submitting to your husband? Briefly explain why
3)	You know your husband and how he looks after his needs. What needs do you have that you want him to be aware of and to give attention to?
4)	It is often said that men want respect and women want love. Explain how you want to be loved in your marriage.
